Good Day:

My name is Robert Current. I am a retired United Methodist clergyman who has been assisting Dr. Shervin for nearly two decades during his heroic struggle for justice. I would like to report that his situation has improved and that he and his family are in a better place, but sad to say, that is not the case. In fact, the circumstances in which they find themselves have only worsened. You have demonstrated some interest in his plight in the past, and that is why I am writing to you now.

Last year a new petition was prepared and sent to the White House and State Capitol. You will find a copy attached. I would encourage you to read it and send it on to any you believe might have an interest in helping him. If you would care to support the petition and "sign on" as it were, you could indicate that support by simply replying to this email saying as much. When you do, please copy Dr. Shervin at the address above.

It has been years since I have solicited any financial support from the community. When I did, there were those who responded favorably. We still have a designated line item set up at the church to benefit this family. Should you be moved to make a gift, large or small, Dr. Shervin would be informed of the gift but not the amount of the gift. *All* monies received go to the family. To make a gift send your check payable to the Novato United Methodist Church. On the memo line write: Dr. Shervin Fund. The church's mailing address is 1473 South Novato Boulevard, Novato, CA 94947. Obviously, this is a sensitive matter. The fact that I am asking is an indication of the precariousness of this family's situation.

There are surely other ways that you may show your support for this valiant man. If you have contacts that could provide legal advice or media coverage we would appreciate it if you would share the information. At the start of this new year we pray for peace and carry on believing that where there is life there is hope. Blessings.

Rev. Dr. Robert J. Current
